## **For Immediate Release**

### **Introducing an Update to the Tabs3 Connect Subscription**

*New Tabs3 Connect subscription plan for Platinum firms with only PracticeMaster*

**Lincoln, NE – May 15, 2017**– Today Software Technology, LLC, the maker of Tabs3 and PracticeMaster, announced a new Tabs3 Connect subscription plan that allows Platinum firms with only PracticeMaster to access Tabs3 Connect without a Tabs3 Billing Platinum license. This new subscription plan is the best and most efficient way for attorneys to review matter information and their firm’s calendar anywhere they can connect to the internet. The PracticeMaster-only Tabs3 Connect subscription will be free for a limited time to Platinum firms on maintenance.

“This new subscription option will allow government agencies and law firms that do not typically bill for their time to be connected to their office and client information when on the go,” said Dan Berlin, President and CEO of Software Technology, LLC. “It is an incredibly useful complement to the robust practice management software they already use at their office.”

Tabs3 Connect is a Platinum-only feature that provides access to Tabs3 and PracticeMaster anywhere you can connect to the internet. Tabs3 Connect uses the same SSL protocol used by banks and financial institutions to allow firms secure access to their data. From Tabs3 Connect, firms with both Tabs3 and PracticeMaster Platinum licenses can enter fees and costs, see all activity and a billing summary for matters, schedule calendar appointments and tasks for anyone in their firm, and send eNote instant messages to anyone at the office. Tabs3 Connect is available for no additional monthly fee to Tabs3 and PracticeMaster Platinum clients on maintenance.

For more information, visit [Tabs3.com/connect](http://Tabs3.com/connect).
